SmartMove vehicle record

Fictional coursework demonstration

Field	Oracle sample record
Vehicle ID	1
Registration number	DEMO-001
Vehicle type	VAN
Passenger seat capacity	12
Status	ACTIVE
Referenced image	/uploads/demo-vehicle.png

This file demonstrates a vehicle document stored by reference in MongoDB. Its values come from the fictional Oracle seed data. It is not a registration certificate or an inspection record.

The accompanying generated image illustrates the demo vehicle. Actual vehicle and passenger records remain in Oracle.
